Forecast for Friday 23 Dec 2022

Weather: Mainly dry overnight but there will be areas of mist and fog. Rain will soon spread north in the morning, turning heavy at times. The rain will clear away north by early afternoon then a little late sunshine to end the day. A few showers will arrive from the west with the odd one heavy and possibly thundery.

Chance of cloud-free hill tops above 600m: Less than 10%, becoming 80% during the afternoon.

Low cloud and visibility: Poor visibility during the morning with extensive cloud and fog above 300 or 400m. Improving in the afternoon as cloud lifts and breaks and rain clears but some patchy cloud lingering above 600m and brief reductions in any showers.
